ELON COLLEGE
Elon College, N. C.
Volume LII

Foreword

Life is a never-ending search — search for truth, for understanding, for knowledge. Man is guided in his quest by many lights that keep his journey from being a mere groping in the darkness. One of the brightest of these is the light of knowledge.

Elon College, a four year liberal arts school, is a small part of the light of knowledge — a tiny ray in a gigantic beam that shines over the entire world leaving that which it touches better than before.

As each student leaves Elon College, he carries with him a part of her light. But the light does not grow dimmer. Rather, it becomes brighter for it reaches greater distances.

As the student enters the world of wind and darkness, there is the danger that he will fail to keep his light burning brightly. The light of knowledge may be compared to a campfire: if it does not receive fuel, it will die. Education must not end when the student leaves the classroom. Each graduating class is presented with the challenge of keeping the light burning bright. But this is not enough; it must shine brightly and steadily. The challenge now goes out to the class of 1967. These students must carry the light of knowledge to regions that are eager to extinguish its flame. They must work faithfully and ceaselessly to see that the light is not hidden or hoarded but that it is spread to all parts of the world so that all peoples might know the freedom that comes with learning the truth.

To an Inner Light of Elon, We Dedicate . .

Mr. William Brown Terrell, a true friend to Elon College students.

Mr. William Brown Terrell: a graduate in the class of 1925, a public school teacher, principal, and superintendent; active in his church as church school teacher and in various offices and capacities; participant in the affairs of his community; first, last, and always — a dedicated alumnus of Elon College.

As Alumni Secretary for Alma Mater he has brightened our days with his friendly manner, encouraged us with his helpful suggestions, and been for all of us a good neighbor and friend.

In appreciation for his unselfish service to Elon College and for his interest in each of her students as individuals, we dedicate the 1967 PHI PSI CLI to William Brown Terrell.

Rays of

As the sun shines on the Elon campus, its rays strike the cross of the O'Kelly Memorial and are reflected in many new directions. As the student views the memorial from a distance, he may at first believe the cross itself as the source of light. On a closer examination, however, he realizes that this is not the real illumination. It offers him no warmth as does the sun.

At every bend of the road man is confronted with many lights — some real, others merely reflectors. From a distance it is difficult to know the valuable light from the one that has no meaning. Sometimes man chooses the wrong goal. He travels toward it believing that when he reaches it, he will have found life's meaning and his search will be ended. But when he arrives at his destination, he finds no warmth, no meaning. His search will have been in vain.

At Elon, it is hoped that the student will learn to distinguish between the sources of light and the reflectors. Life is too brief to be filled with meaningless quests.

Religion Are Ever Present

The brightness of the Prayer Room stems from the spiritual communication of the human and the Divine. The religious light shines bright for here is a place where peace and solitude may be found in the presence of God. Religion is mainstay of our lives and its light shines upon all of us, influencing our every thought and action. The quiet peacefulness of the Prayer Room offers an excellent place to meditate and talk with God. Perhaps the spiritual brightness of this room makes God's presence almost tangible because it is the Lamp of God that illuminates this small temple of worship.

Campus Life

Within Alamance students learn. Even its steps provide a place for last minute looks at notes.

The Stars and Stripes are raised over Elan.

Is Filled With Sunshine

An excellent marching band, the Elon Band takes a moment to pose formally.

Freshmen begin to tour Elon's campus. "To your right is Elon's Library."

Entertainment for All . . .

The lighted pathway of the Colonnades symbolizes our lighted pathway to knowledge. We are guided down the long road into the future by the lights that shine along the way, and this future will not be a successful one without the knowledge we obtain as we walk the path. Just as the lights of the Colonnades light our path to knowledge, so does knowledge illuminate the path into the future. The knowledge we obtain here will remain with us throughout our lives and will determine to what extent we succeed or fail in our efforts to reach our goals. The lighted path is here for all to follow; it leads to knowledge and a successful future.

Ham it up! The spotlight is on your talents.

Girls from New Dorm, over the net and on to win!

Pull and tug! Oops . . . watch the mud!

Shadows from the Oaks Provide Peace

Take a walk at night and do not lose yourself in your own thoughts. Notice the world. The lights flicker; the shadows fall. Is your imagination playing tricks on you? Is the world taking on an eeriness? Maybe so! But these shadows — as unreal as they seem — are a part of reality. Many things in life are just as shadows — being real and unreal at the same time. An example was the awesome unrealness of that first flight into space which we knew was very real. But was it really possible or even probable? This description could be said of anything new and different. So when walking among shadows, do not fear the unknown. Run to meet the new and the unreal reality of life to come.

Colors from reflected light are these art students basic tools.

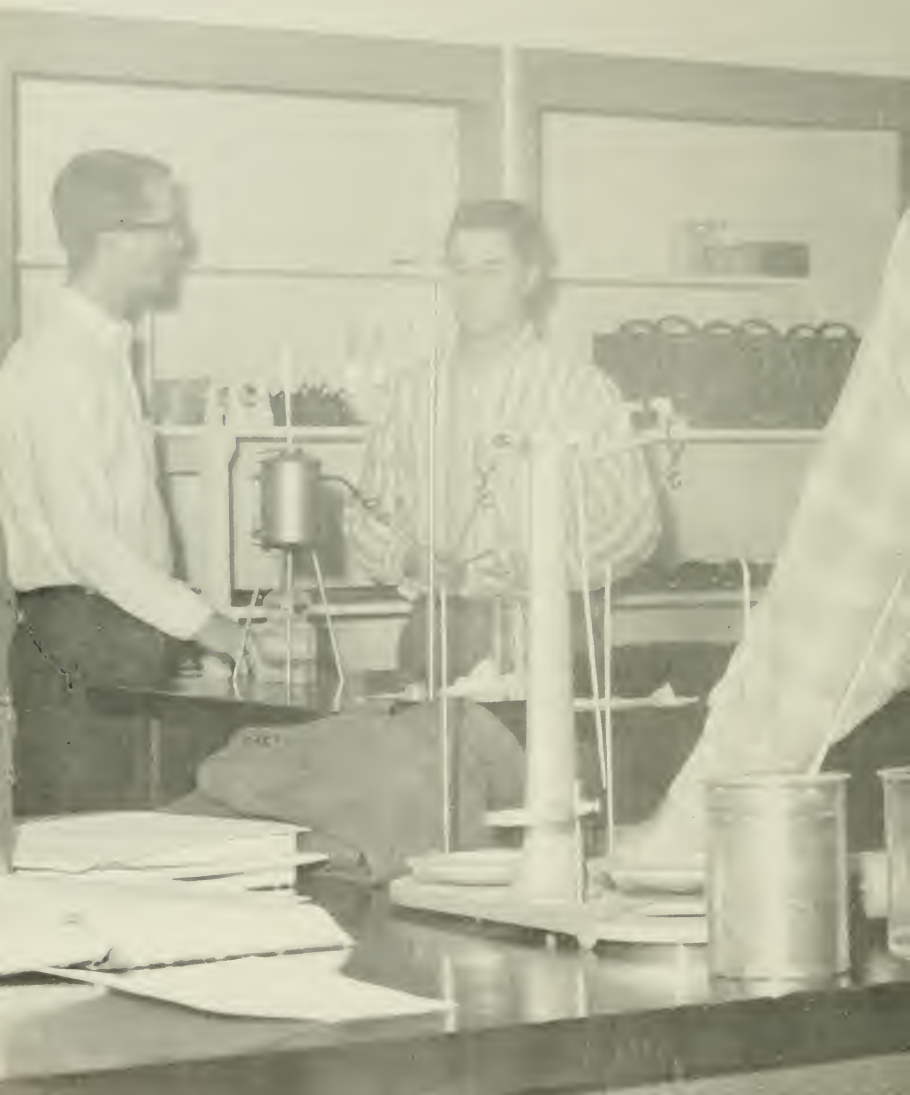
An Elon lamp shines over the campus' paths in the darkness.

Light Shines Forever

Entering the Seminar History room, one is aware of varying degrees of brightness; there is the soft glow of the fireplace, the fresh sunniness of the windows, and, above all, the overpowering light of the chandelier. Life is like this. There are bright spots of warm experiences, filtered rays of memory, and the overall guiding light of spirituality. And yet this larger light is a many - faceted one, reflecting the smaller lights with increased illumination. We see in the chandelier reflections of firelight and sunlight, embers of understanding, and rays of knowledge. And it is from the small talk that goes on in such rooms as this that big ideas begin to take shape. Each human experience is fuel for the flome of lasting life.

Life is a house forever being built, a construction of brightness and height, of darkness and depth. It is an edifice of ever-changing blue-print. Our own campus at Elon is presently under construction with the building of men's new dormitories, a new Student Center, and sidewalks to lead us there. Ours is a growing cosmos, expanding physically as well as intellectually and spiritually.

A house is built of much more than steel beams and sturdy brick; there must be a foundation, a base broad enough to encompass the entire building. The foundation of Elon College is the never-ending search for knowledge, truth, and understanding, upon which our social and academic activities are based. To guide us in our daily seeking, God's light of inspiration shines intensely, pointing out the bright spots of our endeavors. And, yet, with light, there will always be shadows: new places to explore, raw materials to transform, hidden excitement to discover.



Sources of Light

Our lamps of knowledge are eighty-nine in number. Each lamp is classified under a departmental torch such as Mathematics, Science, Language, History, or Music. Each student selects a torch to follow and each lamp guides the way for these students to light their lamp from the torch. Thus, the light of knowledge may spread throughout the world. Here is our appreciation to those who aid the light of knowledge at Elon College.

President Presides Over All

Dr. J. Earl Danieley

TO THE CLASS OF 1967:

Welcome to the ranks of Elon Alumni!. You have fulfilled the requirements for graduation from college and you now join those who have had the advantages of a college education and who consequently have an enlarged opportunity for service.

At the end of your college years ceremonies were held which were called "commencement." The name is significant because in so many ways this is the beginning for you.

You have studied here but your education has only begun. What we have attempted to do is to help you to build a foundation which prepares you to continue your efforts to become an educated person. We hope that you have learned to think and that you will make a better contribution to society because of the competence which you have developed.

Elon College has a basic Christian commitment. We hope and pray that during your years here your faith has been strengthened and that life will be more meaningful for you because of your experiences at Elon.

As you go forth to your chosen place in society, may you dedicate yourself to the service of God and your fellowman and may God richly bless you in all your efforts.

Organizations The Light Of Work And Fellowship

All organizations at Elon College offer the light of work and fellowship to the students. Organizations, no matter what their particular purpose, serve as a wholesome outlet for talents of all types.

Capable Officers Head-up Elon S.G.A.

The Student Government here at Elon offers to the students a democratic form of government. In the Spring of 1966, votes were cast for these capable leaders. With their guidance the student body is assured a voice in all the workings of the college.

Alpha Psi Omega Rates Excellent in Chapel Hill

Officers of Alpha Psi Omega **(left to right):** Wayne Seymour, Linda Thompson, and Ted O'Brecht.

This year Alpha Psi Omega produced two plays, one for a benefit program for the Elon College Children's Home and the other to enter the Dramatic District Festival. **Snow White and the Mirror** led the year's productions with six performances. All proceeds went to purchase books for the Children's Home.

In the spring, Alpha Psi Omega produced **Miss Julie** which was taken to Catawba for the Festival. Here, the fraternity won a "Distinguished" Award which allowed them to enter the State Festival held at U.N.C. in Chapel Hill. In Chapel Hill, the judges awarded an "Excellent" award to the fraternity for their work.

W.A.A. Encourages Participation

The Women's Athletic Association is an organization of all women students enrolled in Elon College. The W.A.A. Council is composed of the officers and representatives from the sororities, dormitories, and day students.

The W.A.A. encourages the participation of all girls in intramural sports.

Beta Chi Epsilon—Business is Their Business

Beta Chi Epsilon functions for the benefit of the secretarial students at Elon College. Each of the monthly meetings has a program planned to aid these students in understanding the workings of the business world. There are classroom demonstrations of the latest office equipment, visits to local businesses and industries, and lectures from members of these organizations.

The Ionian Society: Adventure in History and Social Science

The Ionian Society is a group of students and faculty who are interested in History and Social Sciences. The primary purpose is educational. They hear various speakers, sponsor field trips which will prove to be enlightening, and have discussions and debates on topics of interest. The Ionian Society also strives to foster a feeling of unity among History and Social Science Majors.

The Ionian Society — an enlightening experience for History and Social Science Majors.

S.A.M.—EnlighteningOrganization for Business Majors

S.A.M. — the betterment of all students enrolled in the Business Department.

The Society for the advancement of Management is a club which is two-fold in purpose: (1) to undertake, sponsor, or promote programs for the betterment of all students enrolled in the Business Department; (2) to take united action and promote business, social, and economic welfare of the individual members of this organization.

Greek Flames on Campus

The Greeks are known for their enlightenment of the world in knowledge, friendship, and service. The Greek organizations on Elon's campus maintain this light. Each fraternity and sorority, different in its own right, is a lamp from which a student may choose a richer campus life. Each provides friendship and loyalty among members; each allows a lifetime relationship among members. Although there is a lasting bond within an organization, each also reaches out into the "world of Elon" by offering an opportunity to add to the flame of service and socialization.

Rush begins with the Brother-Sister parties.

Pan-Hellenic Council Heads Greek Week

The pan-Hellenic Council's purpose is to provide a wholesome atmosphere among fraternities, sororities and administration. To accomplish this goal, the Council oversees rush during Greek Week. The Council also ensures fairness and is a beacon to all Greek organizations on campus.

Get to know one another at the Sister party for rushees.

Bids accepted, Hell Week starts.

Alpha Phi Omega, New Fraternity on Campus

The purpose of this fraternity shall be to assemble college men in the fellowship of the Scout Oath and Law, to develop leadership, to promote friendship, to provide service to humanity, and to further the freedom that is our national, educational, and intellectual heritage.

We, the members of the Alpha Phi Omega (local) Fraternity of Elon College, in order to secure for ourselves, the youth of the nation and of the world, the blessings that come from the Scout Oath and Law, and to deliver a program of service to our fellow-men, are striving to bring to Elon a more concrete atmosphere of brotherhood. We hope that out of this will come leadership from service to the campus, community, and nation.

ITK Brothers relax during break.

These boys keep up with the times!

"He almost didn't make it through initiation."

The Brothers of Iota Tau Kappa pride themselves on their strong feeling of brotherhood within the fraternity. Let us open the door and venture into the fraternity room. The first person we meet is the famous Gomer Pyle, alias Danny Fuller, who is sipping on his usual cup of coffee and smoking one of his four packs of Winstons. Sitting next to Mr. Pyle is a grand mammal called the "Whale-Tail" who to his close friend we answer to the name of Gary Knapp. We can't help but notice that Mr. Knapp is holding a cute little figure in his hand. Why, it's Andy "Stump" McPherson who is afraid of all the strange people entering the room and is being consoled by his brother. Suddenly, there is a knock on the door. It's a delivery man who is driving a large van and dropping off Dave Clarke since he can no longer fit into his Volkswagen.

As things settle down a little, we become aware of a beeping sound coming from the corner of the room. We are told that it is "Radar" John Nicks sending messages to his new love. We are also told that the boy sitting next to "Radar" is Sam Rankin who has taken time out to visit the fraternity room.

Well, it's about time for the boys to feed the "Wildcat." So, all those who haven't met him must leave. But before going, we ask the whereabouts of Joe Lee only to learn that his wife has refused him a night out again. Opening the door we hear news that shook us, Larry Mixon has received his first "B" at Elon and has committed suicide while Sonny Long and Ferrol Edmundson are anxiously awaiting our next initiation. You know what they say — "A cat has nine lives!"

Well, guys, is it strength or height that counts?

Do you mean to tell me that hole is still there?

1967 marks the 49th year of Kappa Psi Nu fraternity on the Elon College campus. Under the leadership of Jim Payne, Kappa Psi, in 1967, followed its tradition of brotherhood, high moral probity, and academic excellence.

We would like to pay special attention to each of our brothers in the order of their acceptance into the fraternity. "Head Honcho" Payne, better known as GLORI ... A BOY set the pace for the "red bandana" men this year — Dean is still looking for that tool kit — he is our cigar-smoking "Le General" ... Brown is now flying high in the "friendly skies" ... Styles, "W" to his brothers, believes that an apple a day will keep old "Doc" mighty busy ... Lee, what was that Diana said? Keep punchen ... Oman, Kappa Psi now sleeps well with "William of Welcome" on duty at the door ... Lucas, "Johnny, the Grit" is dividing his time between Piedmont and Dink, along with a few company trips ... McCotter, anything you want to know, ask "Howdy Doody" ... Denny, heard a rumor that "Ichabod's" is buying out Vikon Chemical with the family candy wrappings ... Green, "Pretty Boy" is following the Brookwood tradition ... Smart, "Snowman" sets the style with the girls, be they transfers or just girls in general? ... Moon, "Alfred", our campus commuter % Tarleton Avenue. ... "Date" Clayton is our little "Don Juan" of the Physics Dept. ... Tugwell, better known as "Tugsie" or "Little Art" has gone and done it again ... Small, "Scoop" is starting at the bottom ... V.P. of the "Daily Times" ... Knott, "Greggy" what was that "K" for again? ... Keith or ... Baker, "Stump" watch out for those curbs!!!!! ... Campion, "Headman", Fenton's Follower ... to the ROCK ... "Q.P." Gerringer, what's your choice, the meeting or the grocery store?

Last but not least is our class of the Fall of 1966. "Steps" Jessup sure loves that HAY ... "Slick" Simon is the frat booky ... how about the races or perhaps a card game ... "Rooky" Ellis, our diamond star, is it Arlington or ... "Fingers" Bright, better known as "Crickett" is our man at the window ... Garner, our little "Apollo" makes it at Longwood, Lynchburg, U.N.C.G., State, Chapel Hill, and of course ELON ... Walker, "THE QUIET ONE" is No #1 HOT DOG ... Watts is our star on the fairway: "Little Boogey" gets 'em in ... Bringing up the rear is Bobby "THE BODY" Ferrell who rounds out the brotherhood of Kappa Psi Nu for 1966-67.

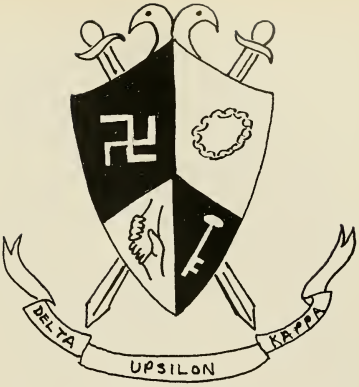
"Christmas with Sigma Phi"

"Welded together through loyalty and devotion"



Delta U . . . a group united by the bonds of sisterhood and welded together through loyalty and devotion...

Our Pres., Barbara — Homecoming Queen, Sweetheart of Sigma Phi, leader of the DYK's — it's amazing how well we accept foreigners these days . . . Hey, Barby, doesn't that song go "Put a Can-dle in your window?" . . . "Parting is such sweet sorrow", says Janie every night . . . No girls, Cathy really didn't transfer . . . Pledge Thompson, can't you ever do anything you're told? . . . Gladys has finally found the perfect guy — "Wilt the Stilt" . . . Speaking of putting the cart before the horse Paula — what are you two going to go with 800 pots and pans? . . . Elaine is going to the islands next year to sooth the restless natives . . . Then there's another sorority sister who didn't make it to bid night because she was hoarse and couldn't sing — isn't that the way it was, Kay? . . .

Famous quotes from the group — "I want to be along," say Junie and Johnny, Judy and Sheldon . . . Ann's famous last words, "Well — I think I funked it — but **every**body did" . . . "Of course I love you madly, Gail, almost as much as my new Citroen" . . . I can tell you every word that has ever fallen from his beautiful lips," says Pat . . . Donna, "Now if you'll just tell me the reason for all this stupid stuff I'll be glad to do it" . . .

Hey, fellows, don't sweat the draft. Miss May's joining the foreign service to get the country straight . . . Mary Alice will be the next world-famous frog specialist . . . Dolly plans to increase the population of blond, blue-eyed children. Then there's Sessoms, our famous orchid-covered **statue**sque beauty . . .

So here's a little song to Delta U!

Athletes Shine in Sports

Elon provides students an opportunity for athletic endeavor with a variety of sports. The program gives competition for both individual and team efforts. Teamwork begins the year with football and basketball and ends it with baseball. For individual merit, one may participate in track, tennis, wrestling and/or golf.

Through the years in the Carolina Conference, Elon has gained a reputation of sportsmanship and of quality in their effort to win. With this tradition, Elon may look forward to a bright future.

Those in the Spotlight

Those in the spotlight include not only beauty, but intellectual and cultural entertainment as well. To provide a well-rounded college atmosphere, the S.G.A., Liberal Arts Forum, and the Lyceum Committee sponsor various activities including festivities, speakers, and performers. Show and pageantry — with our best foot forward, we proceed to show our beauty, our brains, our moments of mutual pride.

Highlight of May: Spring Week-End

Spring week-end opened with a dance on Friday night. Saturday, the Beauty Contest was held and Miss Barbara Hudson was crowned as Queen for the week-end. Following the crowning, a carnival with booths of various campus' organizations was set up. And a good time was held by all! Also on Saturday night, a concert was given starring Jay and The Americans. A memorable performance given, Elon students raved for weeks about the week-end. To end this week-end, the trio, Warner, Porter, and Warner, gave the Sunday afternoon concert held under the oaks. This, the second Spring Week-end held at Elon College, was a delight and joy for the students.

Crowning touch for Barbara Hudson, Spring Week-end Queen.

Lamps of Knowledge

Through these colonnades pass a small ray of the light of the world. For the students of Elon, this sturdy stone structure echoes with the precious memories of years filled with laughter, tears, friendship, and dreams. The freshmen begin their passage through these portals with beanies, name tags, and an uncertain stride. But soon these frightened freshmen flower into secure sophomores and juniors who pass through these ivy-covered colonnades aware of the beauty and wonder to be discovered from within. Then as the Seniors stroll through their beloved archways, they hesitate misty-eyed to reflect upon all the wonderful memories these colonnades have bestowed upon them. As one be one these Seniors take their places as freshmen in life, they carry in their hearts a tiny flickering candle lit from the bright lamp of knowledge forever flaming within these stately colonnades.

Spring, and soon Magnolia blossoms.

Which Begins with Graduation

There is a guiding light which ushers us into the world of learning; its beams are the beams of desire, direction, and determination. And there is a light which shines on us when we remain in this world; it is the light of knowledge. For it is those things which we know, which we can recognize and confirm as truths that reward us and fulfill the destiny of our rationality. Never is there a fact so small, an idea so universal that we cannot challenge its authority, test its assertions, and ponder its relevance to our own thinking. Man is a rational animal, but until he lights the flame of intellectual inquiry, he is a beast in the dark. Unquestioning man is a temporary flicker; rational man is an eternal flame.

GOOD LUCK, CLASS OF 1967

Slater School and College Services wishes to thank the members of the graduating class for their patronage—to say farewell, good luck, and good health.

Your school's administration realizes that classroom performances often depends on planned nutrition. Through ARA Slater, they have wisely invested in quality, prepared and served in friendly style.

We hope you have enjoyed Slater meals & service that mealtime provided a pleasant social break in the day's busy routine. From all of us, good luck & good health in the years ahead!
